

Want to compete as part of the
4-H Livestock Skill-a-thon Team?

This group will learn about: different breeds of livestock, tools used to work livestock, livestock feeds, hay and wool quality, as well as learn how to read medication labels and to identify cuts of meat. Youth ages 9-18 will have the opportunity to compete in educational contests to test their knowledge several times throughout the year.

Our first meeting will be held on Monday, Oct. 13 at 6:30 PM. Can't make it that day; let us know what day does work for your schedule!
