VOTE BY MAIL AND EARLY VOTING OPTIONS

Absentee By Mail

Any North Carolina registered voter may request, receive, and vote a mail-in absentee ballot in elections where absentee voting is permitted. Learn about the primary elections in 2024 at www.fcvotes.com. Registered voters in North Carolina must request an absentee ballot with an official N.C. Absentee Ballot Request Form. There are two ways to access and submit the form:

1. Online:

- "Option 1 – Request an Absentee Ballot" at the N.C. Absentee Ballot Portal.

2. On paper:

- 2024 N.C. Absentee Ballot Request Form in English (fillable PDF)
- 2024 N.C. Absentee Ballot Request Form in Spanish (download to come)
 - After completing, submit the form to your county board of elections or in person or by mail.

Track your absentee-by-mail ballot through the mail: Once you have requested your absentee ballot, you can track its status from printed to accepted by signing up online for status notifications through [BallotTrax](#). BallotTrax will be available 30 days prior to each election in 2023.

Early Voting

During the early voting period, voters may cast a ballot at any early voting site in their county. This is different than Election Day, when registered voters must vote at their assigned polling place. During the early voting period, eligible individuals may also register to vote and vote at the same time.

When you check in to vote at an early voting site, you may update your name or address within the same county if necessary. Individuals who are not registered to vote in a county may register and immediately vote at that same site. This process is called "same-day registration." Find more information at [Register in Person During Early Voting](#). Although same-day registration is available for voters during early voting, same-day registration is not available for most voters on Election Day.

Special note for primary elections: If you are not affiliated with a political party (**unaffiliated**) and you are **requesting a ballot for a primary election**, select the party's primary you want to vote in, or select a nonpartisan ballot. A nonpartisan ballot will not have partisan primary contests. Voters registered with a party are **only eligible** to vote in their party's primary.

Indicate in this section if you require an absentee ballot for other possible elections in 2024 *due to your continued or expected illness or disability*.

2: Voter name

Provide your full legal name. If your name has changed, this form will be used to update your current voter record.

3: Identification Information

You must provide your date of birth and one of the following:

- A NC Driver's License or DMV ID card number
- The last 4 digits of your social security number

4: Home address

Provide your residential (home) address. **However**, if you moved and have no plans to return to your former residence, provide your new address here. Signing in Section 10 will update your voter registration. If your new address is in a different county, you will not be able to update your address using this form and will need to submit new voter registration form in your new county. Provide a mailing address in Section 5 if different from your residence.

5: Ballot mailing address

Indicate where you would like your ballot to be sent. If you do not want your ballot to be sent to your residential or mailing address,

provide another address here.

If you require an accessible electronic ballot *due to blindness or visual impairment* provide your email in Section 6.

6: Voter's Contact Information

Your contact information is optional and is helpful if we have questions about this request or about any issues with your voted absentee ballot.

7: Requesting a ballot for a voter

A near relative or legal guardian may request a ballot for a voter but may not make changes to the voter's registration record. A near relative is a voter's:

- Spouse
- Brother or sister
- Parent or stepparent
- Mother/father-in-law
- Child or stepchild
- Son/daughter-in-law
- Grandparent/Grandchild

Any person may request an absentee ballot for a voter **who needs assistance making the request due to disability**. Under the Americans with Disabilities Act, a disability is a physical or mental impairment that causes someone to be substantially limited in a major life activity. *When requesting a ballot on behalf of a voter, the requester must complete and sign this section.*

8: Assisting a voter in filling out or returning this form

If you are helping a voter fill out or return their form, complete this section. *The voter will still need to sign or make their mark in Section 10.* Any voter may receive assistance from their near relative or verifiable legal guardian. A voter who needs assistance completing or returning their request form due to their blindness, disability, or inability to read or write may receive assistance from a person of their choice.

For voters living in a facility (clinic, nursing home, or adult care home) who do NOT require assistance due to a disability,

certain limitations apply:

The voter must first seek to have a near relative, legal guardian or Multipartisan Assistance Team (MAT) to assist with requesting a ballot. If none of these options is available within 7 days of making a request for a MAT, the voter may get assistance from anyone who is **not**:

- An owner, manager, director, or employee of the facility
- An elected official, a candidate, or an officeholder in a political party
- A campaign manager or treasurer for a candidate or political party

9: Military or overseas

A U.S. citizen currently outside of the United States or

A member of one of the following, or a spouse or dependent of a member of one of the following:

- The active or reserve components of the Army, Navy, Air Force, Marine Corps, or Coast Guard of the United States who is on active duty
- A member of the Merchant Marines, the Commissioned Corps of the Public Health Service, or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States
- A member of the National Guard or State militia unit who is on activated status

10: Voter's signature

This form must be signed **by the voter** (unless a near relative or legal guardian or assistant is requesting a ballot on the voter's behalf and completes Section 7). If the voter cannot physically sign this form, they can make a mark. **A typed signature, including signature fonts, is not allowed.**

If you indicate that you have changed your name (Section 2) or address (Section 4), signing will update your voter registration.

GUIDELINES FOR MEDIA AT POLLING PLACES

1- Conduct at Polling Places

-The term media generally describes people affiliated with a television, radio or newspaper outlet. News media have a right to report on matters of public interest, including elections.

-The Chief Judge is the only election official authorized to interact with the media. Please remember to identify yourselves with your credentials when interacting with election officials.

2- Buffer Zone

-Any interviews or election polls must be conducted at least 50 feet from the entrance of the polling place. However, news cameras may be positioned near the doorway of a voting enclosure to record only panoramic, wide-angle views of the voting room.

Photographers and videographers may not zoom in on ballots or voters. Media shall not block, interfere, obstruct, or disrupt the voting process, and shall not record any ballots or the tabulation of ballots. Photographing voters and poll workers is restricted so if a photo or recording includes voters and/or precinct officials, the media must obtain permission from the voters and/or precinct officials. Breaching and moving the designated buffer zone is not permitted.

-No person or group of persons shall hinder access, harass others, distribute campaign literature, place political advertising, solicit votes, or otherwise engage in election-related activities inside the voting place or within a buffer zone.

3- Closing and Unofficial Results

-After the polls close and all voters have left the enclosure, the media and public are allowed inside to observe the closing process but may not hinder operations of precinct officials.

-The Chief Judge may inform the media how many ballots have been cast at a precinct. However, media may not enter the voting enclosure to check the tabulator.

-Please do not ask officials for any opinions, guesses or predictions about the election. They may provide objective facts regarding the polling place but may not speculate on outcomes or turnout.

Why are ballots counted after Election Night?

In a countywide election, there could be thousands of ballots left to be counted after polls close. Results reporting can extend past 1:00 am as precincts deliver their results.

CANVASS: FINALIZING THE VOTE

Election Night

After polling places close at 7:30 PM on Election Day, all election results are secured and transported to be centrally compiled and posted at the Board of Elections, 201 North Chestnut Street Winston Salem, NC 27101. Election Night counts include ballots from precincts as well as One Stop Early Voting and Absentee by-Mail ballots received by Election Day.

Finalizing the Official Vote Tally (Canvass)

Results on election night are unofficial. Canvass is the official process of determining the votes have been counted and tabulated correctly, resulting in the authentication of the official election results.

For close elections, the canvass period is especially important. During this time, elections officials count absentee ballots that came in before the deadline and research provisional ballots to determine whether they should be counted.

In every county, the canvass meeting when the results are certified is 10 days after Election Day. Because elections thrive on transparency, the canvass meeting is open to the public. Unless the county board unanimously votes for another site, the meeting will be held at the county board of elections office, per N.C.G.S. § 163-182.5.

Before the canvass meeting, the board must ensure that the sample hand-to-eye audit count and any discretionary or mandatory recounts have been completed.

Additionally, county boards confirm all eligible ballots have been counted, including:----

- Ballots that were unable to be read in the precinct (ballot jams, torn ballots, etc.)
- Absentee ballots
- Provisional ballots

At the meeting, the board will prepare and sign all relevant, permanent public documents. The county board will retain one copy; a copy will be filed with either the clerk of Superior Court or, in the case of municipal elections, with the municipal clerk; and a copy will be provided to the State Board of Elections.-----

Mandatory Hand-to-Eye Sample Audit

The sample audit count is a test to ensure voting equipment read the voter's choices accurately. It compares the machine counts with hand-to-eye counts conducted by elections officials in randomly selected voting sites. The sample audit count is open to the public and is completed before canvass. The day after the election, the State Board of Elections informs each county of their assigned contest and the two randomly selected samples (Election Day precinct, one-stop site, or absentee by mail ballots) to audit. For a presidential election, the contest audited is always the presidential contest. Selected ballots are hand-counted by a bipartisan team of elections officials.
